

Hancock Department

PROGRAM FOR B. & L. CONVENTION IS OUTLINED

Enjoyable Time Promised Delegates of State League

An event of importance in Hancock this summer will be the annual convention of the State League of Building & Loan associations, which will begin its sessions here Monday, July 20, and continue until Wednesday evening, July 22. Delegates from various associations throughout the state will assemble in Hancock on those dates and elaborate preparations are being made for their entertainment.

A meeting of those in charge of the arrangements was held yesterday afternoon and the tentative program outlined. The convention will be under the auspices of the Detroit and Northern Michigan Building & Loan association, but the Houghton County Investment association and the Copper Country Building & Loan association will co-operate in entertaining the visitors.

One important feature of the convention this year is that the ladies are cordially invited to attend. Each association is entitled to send two delegates or more and it is anticipated Hancock will be crowded with visitors on the days the annual meetings are held.

The Tentative Program.

The tentative program as outlined by the committee in charge, subject to change, is as follows:

On Monday afternoon at 2 o'clock, the visiting delegates will arrive in Hancock on the steamer Lakeside. One hundred visiting delegates are expected on the boat, which will be met by local members of the associations and greetings extended. The afternoon will be devoted to getting settled and the first meeting of the State League will be held in the Elks' temple Monday evening at 8 o'clock.

Tuesday morning at 9 o'clock the visitors and local members will leave in automobiles for a tour of the copper country and other points of interest in the northern portion of the upper peninsula. On leaving Hancock the tourists and their guides will journey to Dollar Bay, Houghton and Lake Linden, where they will visit the smelters of those towns. From the Torch Lake towns the journey will be continued to Calumet and points of interest visited. From Calumet the trip will be continued to Crestview, where all attending will enjoy a picnic lunch. At the conclusion of the luncheon period the second session of the State League will be held in the pavilion at Crestview. When the meeting is concluded the return trip to Hancock will be made, visiting the various communities while en route.

Wednesday morning at 9 o'clock, the third session of the State League will take place in the Elks' temple in Hancock and in the afternoon all delegates will journey to the White City, where a white fish dinner will be served.

The executive committee consists of the following members of the various associations:

Senator Smith, William H. Paccett, Henry L. Baer and C. D. Hanchette, Detroit and Northern Michigan Building & Loan; Charles Wickstrom, E. M. Lieblein, Harold Primogid and Edward Uleath of the Copper Country association; Messrs. McLaughlin and Ed-

wards of Atlantic, and E. J. Dube, of Houghton.

The convention in Hancock next month will be the first time the State League has ever met in the copper country. Several years ago the league met at Sault Ste. Marie, so it will be the second visit of the league to the country north of the straits. The league, during the past decade, has made splendid progress.

NO QUORUM FOR COUNCIL.

Adjourned Meeting Scheduled For Last Evening Again Put Off.

The Hancock common council failed to meet in adjourned session last evening because of the lack of a quorum. Mayor Ojala and four members of the council were present early but after waiting until nearly 9 o'clock they learned that the other four members were out of the city.

Work was started yesterday at the city hall on maps of the city's water system, one of which will be filed with the state board of health, according to a law passed by the last legislature.

For several weeks the engineering department has been gathering statistics, which were used in making a map of the city's sewer system, the law requiring that one of these maps must also be filed with the state board of health. The sewer map was completed Saturday.

It is not expected that the task of making a map of the water system will be as difficult as that of making the sewer map. It was necessary to go over the entire city for data on the sewer system because since Hancock became a city no records of sewer extensions were on file although it was generally supposed that the city had all this information. The maps and data covering the water system are on file and the new map will not be a difficult drawing to make.

ALUMNI OUTING TONIGHT.

Former Graduates of Hancock School and Friends To the Canal.

The annual reunion of the Alumni association of the Hancock high school will be held this evening in the form of an outing to the canal. Members of the Alumni association, including all former graduates of the high school, and their friends are permitted to attend. Preparations for the outing have been elaborate and the committee in charge has spared neither pains nor expense to make it the best ever held under the auspices of the association.

The trip to the canal will be made on the steamer Plowboy, which will leave at 6 o'clock and dock at 6 o'clock sharp. On arriving at the canal those attending will be the guests of Proprietor Hocking of the little summer resort, who will banquet them with a white fish dinner. Dancing will be indulged in the new pavilion that has been erected at the canal and it is likely that Captain Lloyd will arrange a short trip on Lake Superior for the benefit of those present. Should the weather be favorable, The Hancock City orchestra will furnish music for the occasion.

WILL BE INSPECTED AGAIN.

Hancock Naval Reserve Will Benefit by Government Appropriation.

The Hancock naval reserve will undergo another inspection this summer. The recent visit of Lieutenant Johnson of the Chicago training station is to be followed with an inspection by another officer, although no date has yet been set.

These inspections are due in a measure to an appropriation by the government for the reserve of the different states, and of the sum already allowed Michigan will receive approximately \$5,000 for the two battalions. This money will be deposited with an officer whose duty it will be to see that it is properly disbursed. The officer will be placed under bonds for the proper discharge of his duties. How much of this money the upper peninsula battalion will receive is not known.

The reserve is showing much interest in the annual cruise next August, which will take them on a trip of several hundred miles on the Great Lakes. Owing to the nature of the maneuvers planned for this year every member of the Hancock division is trying to arrange his vacation as to be able to make the trip.

AT THE U. OF M. EXERCISES.

Hancock will be well represented at the closing exercises of the University of Michigan this week. The representation not alone includes students at the institution, but others. Attorneys Herman A. Wieder and John Kinkkila, both graduates of Ann Arbor, have gone to attend the reunion of their respective classes. On Sunday afternoon, Mrs. C. O. Olivier and daughter, Octavia, went to Ann Arbor for the closing exercises. Mr. Olivier being one of this year's graduates from the law department. Dean Goodsole of this city graduates from the university this year also.

CARRYING CONCEALED WEAPONS

Nick Preski of Painesdale was arraigned before Justice Eickhorn yesterday afternoon, charged with carrying concealed weapons. Preski will have a hearing before Justice Eickhorn this afternoon on the charge.

Arrangements are being made for the boxing match to be staged the evening of Fourth of July in Germania hall between "Kid" Howard of Ontonagon and "Jimmy" Brady of Boyne City. Both men are experienced ring artists. It is expected the bout will draw a large crowd. Several excellent preliminaries are being arranged.

George Martin of Canada is here for a short visit.

STAGE SET FOR FRENCH HOLIDAY

Arrangements Complete for Observance Tomorrow

The keys of the city will be turned over to the members of the St. Jean de Baptiste societies of the copper country tomorrow by Mayor Ojala, and every accommodation will be afforded the hundreds of visitors expected. Members of every branch society in Houghton, Ontonagon and Baraga counties will participate and reports from the two latter districts state that delegates will attend in large numbers. The visitors will arrive on the early morning trains, which reach the copper country in ample time for the opening exercises.

Hon. Hector Laferte of Quebec, one of the most prominent attorneys and speakers of Canada, arrived in the copper country yesterday and will be present during the day's activities. Hon. Laferte will deliver the principal address of the day tomorrow afternoon at Electric park, where the scene of the activities will be laid. The speaker is accompanied by his wife and members of the Hancock society were busy yesterday and today entertaining their prominent guests and showing them the city.

The committee in charge of arrangements for the celebration feel that they have made a wise choice in selecting Electric park as the place at which to hold the exercises. It is easily reached by members of the societies of the district, being about half-way between the north and south ends of Houghton county.

Members of the St. Jean de Baptiste societies of Houghton, Lake Linden, Calumet and other branches will arrive on a special train at the Copper Range depot in Hancock in the morning. The visiting members will be met by members of the Hancock and Houghton societies, the American French Canadian knights acting as a guard of honor. A line of march will be formed and the parade will continue to St. Joseph's church where solemn high mass will be celebrated. At the conclusion of the high mass, which will be conducted by Rev. Fr. Glaser, pastor of St. Joseph's church, the parade will proceed to the railroad crossing on Quincy street. There special street cars will be boarded for Electric park. They will arrive at the little summer resort about noon and dinner will be served immediately.

The Afternoon Program.

At 2 o'clock in the afternoon the exercises will be held in the pavilion. Admission will be charged to defray the expenses incurred by the celebration. The program is as follows:

French selection—Calumet & Hecia band.

Welcome—Ernest J. Dube.

Solo and chorus, "Fete Villageoise!"

Pupils of St. Joseph's convent, Hancock.

"Organization of St. Jean de Baptiste societies in Houghton County"—Peter Primeau.

Duo—"Laissez Chantier Oseaux!"

—Miss Desormiers and Mr. Corrier, accompanied by Miss Alice B. Camper.

Remarks—L. S. Chabot, president of St. Jean de Baptiste society, Lake Linden.

Remarks—J. B. Cloutier, priest of St. Jean de Baptiste society, Calumet.

Solo, "Aime-moi"—Miss Desormiers.

Address—"Canada, Its Past, Present and Future, and the Part Taken by the Canadians in the Development of the United States"—Hon. Hector Laferte.

"O' Canada, mon pays, mes amours."

Cartier—Mr. Corrier.

Remarks—Rev. A. Deschenes.

Remarks—Rev. Fr. Glaser.

Exercises with French and American flags—Young ladies of St. Joseph's convent, Hancock.

"Star Spangled Banner"—Calumet & Hecia band, pupils of St. Joseph's school, American French Canadian knights and audience.

The exercises will be concluded about 6 o'clock and supper will be served at the park to enable all present to remain there for the evening.

At 8 o'clock the French Canadian knights will entertain in the pavilion with a dancing party.

The celebration tomorrow is to be a celebration of the French as citizens of the United States and not as French-Canadians.

HUTCHINS RAPS RECALL POLICY

U. of M. President Declares the Doctrine Is Dangerous

Ann Arbor, Mich., June 23.—"New doctrines, crude, but dangerous, the result not of careful study and deep thought, but largely of impulse, and a desire for something unusual, are confidently promulgated and secure a numerous following," said President H. H. Hutchins of the University of Michigan, in the course of the baccalaureate sermon which he delivered to nearly 1,000 candidates for degrees in Hill auditorium.

"I have in mind particularly the doctrine of recall, as applied to judges and the erode, bungling, unsettling, unscientific and in every respect unwise doctrine of the recall of judicial decisions. It is not an exaggeration to say that in much that is fundamental and essential, we have largely departed from the original principles, as worked out and promulgated by the founders of our government, both state and national and as practically interpreted and successfully applied through many years of remarkable growth and development.

In Uncertain Field.

"We are again in the uncertain field of experiment where apparently no proposition is too absurd to receive recognition if it is only in the name of progress and labeled as a remedy for some public ill. The general result of it all is and probably will be for some time to come, to impose on the people duties and obligations for which the vast majority are in no way prepared, either by training or by temperament.

"While I believe most thoroughly in the plain people, in their loyalty and patriotism, their desire for the right, and in the wisdom of their decisions where they are fitted by temperament and experience and instruction to decide, yet I recognize there are some questions that because of their technical and professional character, the people can never be fitted to consider wisely and decide intelligently and consistently. Generally, without instruction and wise leadership, the people are sure in these new fields to make grave and far-reaching mistakes.

"Public conditions to which I have referred, should challenge the attention of the young men and young women who are just entering on the active affairs of life. Make it an impressive part of your duty to study carefully and conscientiously the public questions that are pressing for solution and the new and the revised doctrines that are clamoring for recognition."

Duffy's Pure Malt Whiskey

gives to the aged the vigor of youth and the power to sustain strength and energy. Thousands have testified that they owe their long life to the wonderful restorative and sustaining effects of this ideal tonic-stimulant.

COULD NOT STAND ON FEET

Mrs. Baker So Weak—Could Not Do Her Work—Found Relief In Novel Way.

Adrian, Mich.—"I suffered terribly with female weakness and backache and got so weak that I could hardly do my work. When I washed my dishes I had to sit down and when I would sweep the floor I would get so weak that I would have to get a drink every few minutes, and before I did my dusting I would have to lie down. I got so poorly that my folks thought I was going into consumption. One day I found a piece of paper blowing around the yard and I picked it up and read it. It said 'Saved from the Grave,' and told what Lydia E. Pinkham's Vegetable Compound has done for women."

I showed it to my husband and he said, 'Why don't you try it?' So I did, and after I had taken two bottles I felt better and I said to my husband, 'I don't need any more,' and he said 'You had better take it a little longer anyway.' So I took it for three months and got well and strong."—Mrs. ALONZO E. BAKER, 9 Tecumseh St., Adrian, Mich.

Not Well Enough to Work.
In these words is hidden the tragedy of many a woman, housekeeper or wage earner who supports herself and is often helping to support a family, on meagre wages. Whether in house, office, factory, shop, store or kitchen, woman should remember that there is one tried and true remedy for the ills to which all women are prone, and that is Lydia E. Pinkham's Vegetable Compound. It promotes that vigor which makes work easy. The Lydia E. Pinkham Medicine Co., Lynn, Mass.
